Our QIK 9213 Modular Organizer System allows you to configure multiple variants of layouts to best suit your needs. The 9213 QIK TOTE has 331mm of usable space. Our Trays and Modules are designed to fill that space neatly. Each Tray or Module description includes its “length” to allow you to determine which tray or module combination will work for you.	
9213-10 50mm 1x5 Pill Box Module	The 10 can be used in a number of combinations including up to 6 in a single TOTE. It will accommodate and comes with 4 each of the QIK Pill Boxes.
